

Electronic tablet crusher

From pill to powder in seconds

- Quick, easy to operate, electronic tablet crusher
- Crushes tablets into a fine, consistent powder in 22 seconds
- Avoids physical strain from repetitive manual crushing
- Easy to clean, medical grade device
- Rechargeable battery with LED battery level indicator screen
- 3 button operation: power, open and crush
- Sturdy plastic single-use cups ensure minimal dosage loss and no cross-contamination
- 2 year warranty. Re-use of the cups will void the product warranty
- eCrush packaging includes: eCrush device, AC/DC adapter and power cord, re-chargeable Li-Ion battery, screwdriver, cup holder, and 100 crushing cups

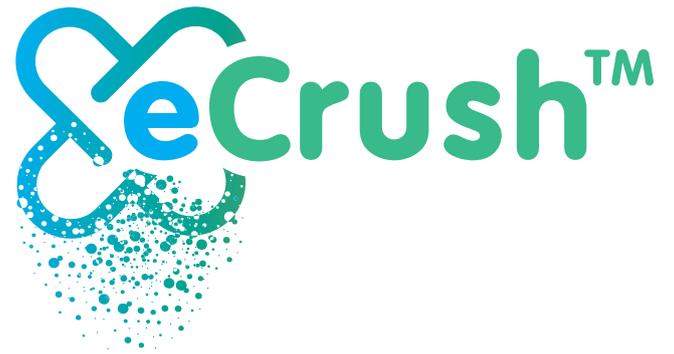

**Some medications should not be crushed, always check with a pharmacist prior to crushing a medication*
